

**Thursday, January 3, 2019**

**The forms of sensibility are Space and Time.**

**In philosophy, form is generally opposed to matter or content.**

**The forms of sensibility are Space and Time.**

**The sensation itself has forms that structure it: these pure forms a priori of sensitivity are Time and Space.**

**Extract from my abstract 1.**

**Moon: Surface and Interior.**

**I just got registered for the March-2019 Lunar and Planetary Institute first conference.**

**First participation : Submitting abstracts.**

**I integrate:**

- **Submitting abstracts**
- **Registering for meetings**
- **Creating personal schedules**
- **Viewing past meeting activity**

**Other Arts and Sciences projects are coming-up, +Lomography**
