

**PASSWORD. Baby mag 28 plus 29. Done and already on the road in paper version.**

**A challenge on fluo.**

**A months ago of research, to up in a workshop to details the planet Mars chemistry linked to Vhs tapes.**

**Some artifacts:**

Glitch becoming art.

I have do a special glitch in this issue.

Mars and the Moon side by side by images and writings.

My workshops: Learning artifacts (education)

I will detail it.

Two full moons in October.

Rare blue moon in Halloween ..

How to get a blue moon ?

This baby mag is 28 pages without a drawn advert because of my bunch of posca is not in my hands but a sticker is ongoing :)

It s a fingerscross because of fluo used in some pages.

I have made those pages myself with their colors. It was very cool.

After many slowdowns the mag is a bit more detailed in my [website](#)

-> Note : the last quote + my website link was updated after a hack <-
