

Transactional Analysis. Art in learning.

Civility is built in youth and this is an important point in education.

Integration into a society goes through the acquisition of codes, but it is the cognitive capacities that will ultimately allow one to behave well.

Variations

Images original views. Jawbreaker.
Plus movie extract.

Magazine Update.

From now, it's no more dates..

The issues will be number-edited only (some dates inside, anyway)

This no change the bi-monthly process to up them:)
