Caleidoscopy Artworks.

I have imagined prototypes about Caleidoscopy and my first collab with NY was confirmed last night.

... After working on during some months, and finally contacted one amazing brand from Brooklyn, weeks before

About amazing lenses , they take the road next week.

The lovely brand is an integral part of the process.

We plan to keep in touch to the final result and they wait about pictures results.

The visual and spiritual experiences will be stunning.

Perfect fit with the the brand concept.

Many magical effects will be possible..

Thanks to the many options designed by the brand quality in psychedelic optics.

To make curious kittens eyes able of play psychedelic and caleidoscoped level for experiences with lights and perceptions .

Regarding my **Work**

The secret melting point being ANGLE.

This is my finest dedication to David Brewster.

And the cherries on the top :

All magical photography will go in a bi-monthly limited magazines.
