

The Poet riding Pegasus.

I'm not going to insist on being found there completely by chance on Sunday..

So, Just after asked by a girl from Japan, to take a photo of her, in front of another statue (not visible here) on which I would not have stopped without it.

After research, because nothing was indicated, I knew it was Apollo on Pegasus, or The Poet riding Pegasus, or Pegasus carrying the poet to the regions of the dream.

I was however stopped front of the entry of the square, a few days before to drink my ikea-coffee, lol!

All this is not written to create an ambiance but I must admit that the journey is quite overwhelming.
