### **Hungry for life without your pitty**

**France ! France ! You can watch the pay channels and be on a series of telefilms for the whole family (program and chains chosen according to the family & should not allow what follows) and between each episodes you receive a message from DUREX INTENSE ORGASM with two debilantes making sex and then, you will still receive this: DUREX INTENSE ORGASM FOR MEN WHO LOVES GIVING SEXUAL FUN!**

**What is the purpose here? Are you so debilitated?**

**WE ARE NOT ON THE CHANNEL DIFFUSING PORN FILMS! PLEASE !!!**

**Then I change the chain and the second that follows ...**

**SAME THE SAME PUB FOR THE SAME PRODUCT WITH SEXUAL CHARACTER**

**I think then that I was wrong and that even if I decided to stop what I was watching because the message of advertising is clearly too vulgar, it is not enough to believe that changing cinema place will help to solve this Pigsty. NO !**

**So I went even further. And I decided to watch a movie. Without possible pubs.**

**But I wonder why **Durex** decides to spoil the moment of innocence of my family if we plan to watch episodes of **Full House** by cutting the atmosphere like this?**

**I wonder if mother and father, to the CEO of Durex, interrupted the childhood-readings by making sex or even by noises porn movies?**

**..Child frustrated? Adult disturbed, disturbing?**

**It really has a problem for us to be obliged to hear as much about its products.**

**I hate so raising my kids here that I could really start lawsuits!**

**YOU [CANAL+ CANAL France](#)**

**Stop taking us for pigs**

**Stop you to hide behind " apologies- imaginary -filters "  
Stop using propoganda! This is very similar to backward behaviors**

**Booooo you shame! [youtu.be/zOKrAWok7Yk](https://youtu.be/zOKrAWok7Yk)**
