

Progress.

I have managed to integrate all my classes so 3 in EU and 2 internationals now and I am again slightly late but I work everynites which fixes this.

By Astronomy I have been able to improve myself with alot of knowledge which extends my steps.

I am able to start to put words and extend to do more on my pre-understanding of many phenomena and this allowed me to integrate a Astronomy class for the development of a joint project UAI OAD for research with the support of the Department of Science, framed by the [United Nations](#)
