I was selected for the **Second EPS Conference** on Gravitation: measuring gravity with my research on Gravitational, with 3 other people.

The topics for Second EPS Conference on Gravitation: measuring gravity, are:

- **Experimental Challenges in Gravitational Wave Detection**

I was selected for this conference (Day 1)

Infos by my website.

- **Gravity: fundamental tests and Equivalence Principle**

- **Geodesy and Ranging**

Participation opportunities for this conference include:

- **Plenary highlight talks**

- **Recorded talks posted in advance (asynchronous talks)**

- **Round tables**

+ 1 + 1
