

Victimology Progression.

Step 3.

I concentrated on overcoming my apprehension.

The terms of the tests were heavy.

But, these are not too many details but focuses on the facts, reactions, flaws in the system, defenses, by 1967 to date.

etc .. (I make a very short summary)

So, more than scaring me, it allowed me to move forward.

I also managed to master the tests differently. Which will be very useful for all the other classes.

When it comes to the journey of the victims themselves, they must continue to be able to contact a clearly identifiable help service, regardless of filing a complaint or legal proceedings.

The new accreditation standards will ensure that they find an offer adapted to their needs and benefit from the experience acquired by their teams.

To conclude, we will underline the importance, at each stage, of good information and referral formulas that facilitate victims' access to the various resources of the device.

- Police victim assistance service
  - Reception of victims within the courts and within the framework of the houses of justice
  - Psychosocial assistance to victims
- Result Test 1/2 of stage 3: One error.
